

OMAR FARUQUE

TECHNICAL PROJECT MANAGER | AI, GOVTECH & SAAS DELIVERY

Cumilla, Bangladesh | omarfaruque32@gmail.com | [linkedin.com/in/omarfaruquerajim](https://www.linkedin.com/in/omarfaruquerajim)

PROFESSIONAL SUMMARY

Technical project manager with experience coordinating AI, GovTech, and SaaS delivery across distributed European teams. Manages a 136-feature roadmap spanning five products, translating business priorities into sprint plans, acceptance criteria, and production releases. Combines project delivery, QA, stakeholder management, and cross-cultural communication to move complex initiatives from requirements to reliable execution.

CORE STRENGTHS

Delivery: Roadmaps, Agile and sprint planning, risk and dependency management, release coordination

Product and QA: AI and SaaS delivery, requirements definition, acceptance criteria, release validation

Stakeholders: Cross-functional leadership, reporting, facilitation, cross-cultural collaboration

Business: Digital strategy, SEO, content operations, audience insight, performance reporting

PROFESSIONAL EXPERIENCE

Senior Project Manager

KI-Quadrat Systemhaus GmbH (KI²) | Vienna, Austria (Remote) | September 2024 - Present

- Own end-to-end execution of a 136-feature roadmap across five AI products, from sprint-ready specifications to production deployment.
- Coordinate engineering, QA, leadership, and municipal stakeholders across Austria, Romania, and Germany.
- Translate product dependencies into prioritised backlogs, acceptance criteria, and release-ready work for distributed teams.
- Manage delivery risk within ISO 27001, ISO 42001, GDPR, and EU data residency requirements.
- Coordinate a municipal pilot in an on-premises Ubuntu and Hyper-V environment using WireGuard VPN, LDAP/AD, and Cloudflare Tunnel connectivity.

Project Manager

AI App Company | Berlin, Germany | November 2022 - August 2024

- Led AI product delivery from scope definition through milestone tracking, keeping engineering and stakeholders aligned on priorities.
- Established accountable cross-functional workflows around shared delivery outcomes and clear ownership.
- Maintained momentum through early risk identification, proactive unblocking, and structured stakeholder communication.

EARLIER AND CONCURRENT EXPERIENCE

Digital Marketing Manager (Concurrent)

My Digital Consultant | Dhaka, Bangladesh | March 2019 - August 2023

- Designed digital strategies for SME clients and managed SEO, content calendars, email campaigns, reporting, and client communication.

English Teacher

Uncle Sam's American English School | Shenzhen, China | September 2020 - August 2021

- Delivered adaptive lessons for diverse student groups, strengthening facilitation, communication, and audience awareness.

International Student Recruiter

Elvon International | Nanchang, China | January 2018 - March 2020

- Managed end-to-end student application pipelines and institutional relationships across target markets.

EDUCATION AND CREDENTIALS
