

OMAR FARUQUE

PROJECT MANAGER | CROSS-FUNCTIONAL OPERATOR

Race Course, Dhanmondi Road, Cumilla, Bangladesh | omarfaruque32@gmail.com | [linkedin.com/in/omarfaruquerajim](https://www.linkedin.com/in/omarfaruquerajim)

PROFESSIONAL SUMMARY

Project Manager and cross-functional generalist with experience delivering technology, AI, digital strategy, recruitment, and international education initiatives. Skilled at translating complex requirements into structured plans, coordinating distributed teams, managing stakeholders, and maintaining progress across competing priorities. Combines technical understanding, commercial awareness, and strong communication to move projects from idea to execution.

CORE STRENGTHS

Project Delivery: Roadmaps, Agile and sprint planning, risk and dependency management, release coordination

Product and Technology: AI and SaaS delivery, requirements definition, QA, acceptance criteria, compliance awareness

Business and Growth: Digital strategy, SEO, content operations, audience understanding, performance reporting

People and Communication: Cross-functional leadership, stakeholder reporting, facilitation, cross-cultural collaboration

PROFESSIONAL EXPERIENCE

Senior Project Manager

KI-Quadrat Systemhaus GmbH (K12) | Vienna, Austria (Remote) | September 2024 - Present

- Manage end-to-end execution of a 136-feature roadmap across five AI products, from sprint-ready specifications to production deployment.
- Coordinate engineering, QA, leadership, and municipal stakeholders across Austria, Romania, and Germany.
- Sequence product dependencies, prioritise backlogs, define acceptance criteria, and maintain release readiness across distributed teams.
- Manage delivery risks within ISO 27001, ISO 42001, GDPR, and EU data-residency requirements.
- Coordinate a municipal pilot in an on-premise Ubuntu and Hyper-V environment with WireGuard VPN, LDAP/AD, and Cloudflare Tunnel connectivity.
- Support version-controlled releases, rollback planning, and post-release quality monitoring through PostHog and Langfuse.

Project Manager

AI App Company | Berlin, Germany | November 2022 - August 2024

- Led planning, execution, and delivery for AI product initiatives with defined scope, clear objectives, and measurable milestones.
- Built accountable cross-functional teams around shared delivery outcomes and collaborative workflows.
- Maintained momentum through early risk identification, proactive unblocking, and structured communication between stakeholders and engineering.

PROFESSIONAL EXPERIENCE - CONTINUED

Digital Marketing Manager

My Digital Consultant | Dhaka, Bangladesh | March 2019 - August 2023

- Designed goal-driven digital strategies for SME clients across multiple industries, connecting audience needs to execution.
- Improved SEO performance and organic visibility while managing content calendars, email campaigns, reporting, and client communication.

English Teacher

Uncle Sam's American English School | Shenzhen, China | September 2020 - August 2021

- Delivered adaptive lessons for diverse student groups, strengthening facilitation, communication, and audience awareness.

International Students Recruiter

Elvon International | Nanchang, China | January 2018 - March 2020

- Managed end-to-end student application pipelines and institutional relationships across target markets.
